

SOLIA

WEEKLY USE

Creates no surface film

Preserves the durability of oiled surfaces

Domestic and professional use

Composed of natural vegetable oils

Cleans and degreases surfaces

1

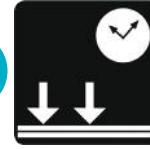

Dilute 10 mL of cleaner by litre of hot water.*

2

Thoroughly wring a soft cloth or mop soaked in the solution. Rub the surface.

3

Let dry.

* The product should be diluted with water only.

MONTHLY
USE

SOLIA +

1

Ready-to-use, no dilution required.

2

Dust the surface.

5

Let dry.

3

Spray Solia + on the surface and work by section.

Give an additional protection to your woods

Preserves the durability of oiled surfaces

Composed of natural vegetable oils and waxes

Cleans, degreases and protects the surfaces

4

Spread with a damp microfiber mop.*

* To increase the gloss, you can polish Solia + with a mop or an electric polisher with a pad felt or white pad.

GENERIO

- 1
- 2

Ready-to-use, no dilution required.

The surface must be clean and dry. Clean with SOLIA or EXTREMO beforehand if needed.

- Protects, shines and regenerates the surface**
- Odourless**
- Extends the durability of oiled surfaces**
- Easy to use**
- Dry in 20 minutes**
- Suited for all natural oils**

USE EACH
12 TO
24 MONTH

- 3
- 4
- 5
- 6

If the surface has small scratches, sand lightly with sandpaper 220 before application.*

Work by section, always spray thin coats on the surface.

Spread with a wet microfiber mop. Cover in one pass, without returning to equalize. No need to polish.

Drying time:
To touch: 10 minutes
Cautious circulation: 20 minutes
Replace furniture: 2 hours
Soap cleaning: 7 to 10 days

* If, however, the surface is very worn, it would be preferable to apply a coat of the original oil.

EXTREMO

- 1
- 2
- 3
- 4
- 5

Dust the surface.

For a water-based oil: dilute 100 mL for 5 L of warm water.

For a traditional oil: dilute 200 mL for 5 L of warm water.

Spread with a well-drained microfiber mop, a polisher with a red pad or a sprayer.*

Let the product process for a few minutes.

- Deep degreasing**
- Removes dirt buildup**
- Eliminates black shoe marks**
- Suited for all natural oils**
- Prepares for a new oil coat**
- Can be used in combination with Generio**

Pick up the residue using a vacuum cleaner, a spatula, or a damp microfiber mop.

* Be sure to leave no residue and always work with damp material only.
